

Forum
Excellence in Art

Saturday, September 21, 2019 from 2:00 – 4:00 pm
Concord Hall, 1407 Chapala Street, Santa Barbara
Presenter: Joyce Johnson

Recognizing excellence in art will be the focus of this forum. The memorable qualities in examples of painting, sculpture, architecture, and decoration will be discussed. These examples live on in history and are found in many lands and cultures. Their excellence educates us about the possibilities for artistic creativity and points to the values and vision that support a vital culture. Joyce Johnson, an artist herself, taught art history for many years and her presentations are always memorable.
